2021

State Legislative Plan

*Protecting Earned Benefits of Active & Retired
Federal Employees and the Interests of
Virginia's Senior Citizens*

HB 1766

Disabled Veteran's "passport":

Allows free entry into state parks and 50% discount on other fees charges by the Department of Conservation and Recreation to all veterans with a service-connected disability. Currently a veteran must be 100% disabled to be eligible for this program. Discounted fees include camping and swimming fees, picnic shelter rentals and other equipment rentals provided by the Department of Conservation and Recreation.

HB 1848

VA Human Rights Act: Disability Discrimination:

Carves out specific protections for Virginians with disabilities and applies to businesses with six or more employees. Protection for all other classes under the Americans with Disabilities Act and the VA Human Rights Act apply to businesses with 15 or more employees. Reasonable accommodation is required unless undue hardship can be demonstrated by the business.

HB 1788

Rolling Conformity with IRS Code:

Requires the VA tax code to automatically incorporate changes to the IRS tax code. However, the VA tax code will not be required to conform when the VA budget impact is more than 0.25% on the general fund in the fiscal year or any of the following four fiscal years after the change was enacted.

HB 1805

Social Need in Aging Services:

Provides that older persons with significant noneconomic factors in need of services be prioritized when aging services are provided. In effect, an elder Virginian with defined noneconomic barriers would receive services ahead of a healthy, able bodied elder Virginian. A number of barriers to appropriate services are listed

HB 1822

Asthma Inhaler Cost Limitation

Prohibits health insurance companies from charging more than \$50 per prescription asthma inhaler that a covered person is required to pay.

Long on the VFN Legislative agenda, these two bills, from different angles address:

Nursing Home Standards

SB 1149

This bill requires minimum staffing for daytime, evening and nighttime periods. It requires:
Daytime: 1 Registered Nurse (RN) or Licensed Practical Nurse (LPN)/15 patients and 1 Certified Nursing Assistant (CNA)/8patients;
Evening: 1 RN or LPN and 1 CNA/12 patients;
Night: 1 RN or LPN/30 patients and 1 CNA/15 patients.

HB 2156

This bill requires an increase in the minimum number of direct care services to nursing home patients from 3.5 hours in a 24-hour period in 2022 to 4.1 in 2030. The phase in would begin after a year long study by the Commission on Health Care completes a study to define "direct care services."
